📅 July / 01 / 2021 - October / 15 / 2021

📍 Johannesburg, Rosebank

## SKILLS

Python (NumPy, Pandas, Scikit-learn, Keras)

SQL (MySQL)

Git

Time Series Forecasting

Defensive Programming

Recommendation Engines

Customer Segmentation

Data Visualisation

Data Analysis

Machine Learning

Clustering Analysis

Neural Networks

## WORK EXPERIENCE

### Stope Timber

#### Siyanda Bakgatla

📅 November 2018 - June 2019

📍 Limpopo, Swartklip

- I was responsible for balancing the table underground with Metal jacks and wood timbers, to make it a safe environment for my fellow employees

### Assistant Surveyor

#### Siyanda Bakgatla Platinum Mine

📅 July 2019 - March 2020

📍 Limpopo, Swartklip

- My responsibility was to assist a professional surveyor with marking a line and directing a line using theodolite.
- We also used to measure the stopes and haulages, also give lines for new developments.

### Assistant Admin/HR

#### Marang Nthato

📅 April 2020 - June 2021

📍 Limpopo, Swartklip

- Used to work with with employee underground clocking's and prepare quotes and invoices.
- Implemented a long-term pricing experiment that improved customer lifetime value by 22%
